

## Need Custom Branded Take Out Merchandise?

As we have seen most restaurants, bars and cafe's have shifted to take out and delivery, here is the signage we have available for those venue types!

Let us help get your message to consumers in key locations where we see a boost of traffic even now, including bars and restaurants, cafes, pizza parlors, gas stations, hardware stores, grocery stores, urgent cares, pharmacies, c-stores and more. We will work with your brands on building custom packages that are cost-efficient and provide as-wide-of-reach as possible.
